Nearly every joker proceeds upon the theory that a bald-headed man is one of the accessories of humor.

As a rule, when a man goes to the devil the community sustains no great loss. The trouble is that he usually takes his family with him.

Yesterday's display of Easter bonnets in Maysville was the most elaborate and beautiful ever seen and they made the gorgeous Easter eggs look like 30 cents a million.

Saturday afternoon Miss Jessie A. Patton, of Jackson, Breathitt County, filed suit in the Fayette Circuit Court against Hannibal Hurst, also of Jackson, charging him with breach of promise and asking that she be given \$30,000 damages.

The 11th day of April, 1914, was fixed as the day of the nuptials.

K. OF P. MEMBERSHIP

Increasing Steadily In Ohio—Order Is Sound Financially.

William Beatty, of Toledo, Grand Keeper of the Records and Seal of Knights of Pythias of Ohio, has just completed his annual report, showing substantial increase in Ohio membership of the order and financial soundness.

The assets were nearly \$3,000,000, January 1, 1913, the membership was 82,851, to which were added in the year 5,973. Eliminating deaths and suspension the net increase was 901. Total membership is now 84,752.

MANY DUCKS THIS SPRING

Despite Federal Law Hunters Are Shooting Them Everywhere.

The Ohio River and creeks emptying into it have been covered with water fowls of all species the past week. The general impression seems to be that they have not been as numerous in many seasons. Despite the fact that there is a federal law against killing them many hunters have been seen shooting them and several reports have come that many have bagged good numbers. This probably is due to the fact that those who participate are not aware of this enactment.

KNIFE ONLY REMEDY

Failures of Radium in Cancer Outnumber Cures 100 to 1.

New York.—All hopes of curing cancer by radium has been abandoned by some of the foremost surgeons and research workers of the country, who declared at a meeting of the American Society for the Control of Cancer that the failures of radium outnumber the cures 100 to 1.

That nothing is of avail against the most dreaded disease but the speedy use of the knife was the opinion advanced by Dr. William H. Mayo, of Rochester, Minn. Operation is the only cure, but radium or ray treatment is in order as a temporary palliative where operation is impossible, according to Dr. Francis G. Wood, director of cancer research at Columbia University.

EASTER ANTHEMS

Sermons, Songs of Praise and Beautiful Flowers Again Commemorate the "Resurrection Morn."

"The tumult and the shouting dies, The captains and the kings depart; Still lives Thine ancient sacrifice, An humble and a contrite heart; Lord God of hosts be with us yet, Lest we forget, lest we forget."

God sent another "Glorious Easter Morn" yesterday for the sons of man to bow down and worship the Risen Lord.

Such occasions are always the most beautiful and solemn of all the religious festivals of the church calendar and yesterday's Easter services in the various Maysville churches were remarkable for the special programs of song and praise from enlarged choirs and from the inspired sermons delivered by the pastors of their respective congregations.

At the morning communion services at the Church of the Nativity, Episcopal, The King's Daughters had decorated the church very beautifully which made a most gracious offering and setting for this most solemn, but uplifting occasion. The music was not inordinately loud. The music was most inspiring and Rector Fielding was humble, earnest and eloquent and directed his remarks especially to the Maysville Commandery No. 16, Knights Templar which attended the services in a body.

ELECTRIC SIGNS!

The distinguishing air of quality which a first-class Electric Sign gives to a store is the element which gives a sign its greatest value as an advertising medium and investment. The impression it makes is good. It blazes forth to the public that there is business enterprise, merchandise and methods up-to-date. It affects the entire atmosphere of the business district. The stranger says, "It is a live town," and publishes it abroad.

It is the Sign of the Times.
